HOSTESS THWARTS ROBBERY ATTEMPT AT NILES CAFE

A daring robbery attempt during the business hours at the International Kitchen near Niles was thwarted last Thursday evening by the quick thinking of Mrs. Pauline Frieden, hostess at the popular eating establishment.

According to local authorities investigating the case, the youth, estimated to be about 22 years of age, appeared at the restaurant in the late afternoon representing himself as a lighting fixture salesman.

He was unable to make a sale, apparently, according to the report of the officers, not being too familiar with the product he was attempting to sell.

The youth left, but returned during the dinner hour and lingered near the cashier's desk. He asked Mrs. Frieden where the telephones were located and after making a call returned to the desk, remarking that it looked like his date was going to stand him up.

A short time later he asked Mrs. Frieden for some change from the cash register and as she opened the cash drawer he whispered, "This is a stick-up, give me the money."

The hostess, standing in a position where she faced the customers who were eating nearby, asked in a loud voice, "What? What did you say?"

The youth, pointing something in his coat pocket at Mrs. Frieden, repeated the order to give him the money.

Mrs. Frieden quickly told him in whispered tones that the customers behind him would detect something was amiss and that he had better put some money on the counter himself so that they would think she was passing out some change.

At this unanticipated difficulty the nervous youth glanced briefly over his shoulder and ran out the door.

BANDITS GET $3000 LOOT IN BURGLARY

A burglary, which rivaled the recent notorious Brink's break-in at Boston, was staged in Centerville late Wednesday night or early Thursday morning with the Central Chevrolet Garage losing nearly $3,000 in cash and checks.

The bandits cut their way through a sheetmetal siding of the paint room at the garage, removed a window to get into the main portion of the shop, broke the bolts on two doors leading into the office and then in an expert-like fashion opened the large safe.

The bandits punched the combination from the six-foot safe and then pried open the heavy doors. Romeo Brunelli, co-owner of the garage, said yesterday that the loot taken by the burglars included $557 in cash and $2,346 in checks. The loss was not insured.

RE-APPRAISAL OF LAND TO BE MADE

Members of the Washington Township Taxpayers Association will meet Monday evening, February 20, in the library of Washington Union High School for a discussion of the re-appraisal of land values in the township.

Mrs. Evelyn Perkins, Centerville, secretary-treasurer of the local Association, said this week that representatives of the County Assessor's office will be here to meet with the group.

She stated that all land in the township is to be re-appraised for tax purposes and that the association members will meet with the county representatives to discuss land values.

The meeting is for members, or prospective members only, Mrs. Perkins said, and all persons are urged to bring their membership cards.

WARM SPRINGS WATER SHORTAGE TERMED ACUTE

The acuteness of the water shortage in Warm Springs was made known last Thursday evening at the meeting of the Chamber of Commerce of that community.

Several persons present at the meeting said that they had no water at all on their properties due to dry wells, and that they were borrowing by hose or by hauling in barrels from neighbors.

The meeting was called to discuss the possibility of the formation of a water district and a poll of the 30 persons present indicated that 15 favored bringing domestic water into the community by some means, one opposed the idea and 11 said they would purchase the water if it were available.

President John Souza appointed a committee to make an informal poll of the entire district. As soon as the survey is completed, engineers from neighboring water districts, public utilities and private companies will be asked to make estimates of costs.

Named on the survey committee were: Richard Johnson, chairman, Joe M. Bettencourt, Bruce Michaels, John L. Lewis, Mr. and Mrs. Leonard Rose and Mr. and Mrs. Tony Brazil.

The matter will be further considered at the next meeting of the Chamber on March 9 at the elementary school at 8 p.m. All interested persons are invited to attend.

SANITARY DISTRICT TO BUILD OFFICE

The Union Sanitary District is in the process of purchasing a lot on Baine Avenue in Centerville as the location for an office and storage facilities, it was revealed this week by George Coit, president of the sanitary board.

The lot, 50 by 158 feet, is to be purchased from John Fonseco for $3,000, Coit said, and plans for the office building, garage and storage sheds are now being considered.

Up to this time the board has met at the private offices of the members. With the consolidation of the Newark, Centerville and Niles area into one district it is necessary that we have a permanent place for files and equipment, Coit explained.

HIGH SCHOOL VODVIL CLOSES TONIGHT

A near capacity audience enjoyed the annual High School Vodvil last night at the school auditorium and termed it the "best ever."

This year's musical is built around a world trip by two young ladies who visit all the countries of Europe and are entertained by the singers and dancers of those nations.

The set designs are particularly attractive and the stage lighting and costumes of the players add great beauty to the production.

The two-hour entertainment has a final showing tonight at 8:15 o'clock.

NEW CASES OF CHICKENPOX REPORTED IN TOWNSHIP

An outbreak of five new cases of chickenpox was reported in the township last week by the Alameda County Health Department.

MASS RELIGIOUS MEETING SUNDAY AT HIGH SCHOOL

A mass religious meeting, the first project of the newly formed Ministerial Alliance of Washington Township, will be held Sunday at 3 p.m. in the auditorium at Washington Union High School.

The religious message of the day will be delivered by Louis Zamperini, former Olympic and University of California distance runner.

Zamperini, who was the world's greatest miler a decade ago, served in the armed forces during World War II and made headlines when he was rescued after spending 47 days on a life raft. He later was captured and spent two years in a Japanese prison camp.

Two months ago the iron man of the cinder track was converted at an evangelistic meeting in Los Angeles and will tell his life story at Sunday's meeting.

Appearing with Zamperini will be the Rev. Chester Tolson, San Francisco, former football coach

THE REV. CHESTER TOLSON, tenor soloist, who will sing at religious meeting here Sunday.

and a nationally famous tenor soloist, who will sing and introduce the featured speaker.

A 35 voice choir, recruited from the churches in the area, will sing for the occasion. Community singing will be led by James Scott of Berkeley.

Asa Collins, pastor of the Irvington Presbyterian Church, will give the invocation. A male quartet, composed of Dwight Thornburg, Earl Mackintosh, Gerry Rehrig and Gerry Meekins, will sing a negro spiritual.

Rev. Clyde Golliher, pastor of the Niles Nazarene Church, will give the prayer. Rev. Jack Peffers, pastor of the Newark Presbyterian Church, will play a trumpet solo, and Rev. William Hunter, pastor of the Niles Baptist Church, will pronounce the benediction.

Kind Hearts and Gentle People

Last week a Niles family of eight, living on the California Nursery grounds, watched all their earthly possessions perish in a fire, and wondered—as people do wonder on such occasions—"why does all this trouble come to us?"

There was scarcely enough money to feed them, let alone to replace all of their clothing, and household equipment consumed in the flames. With six children to clothe and feed, the impact of the tragedy on Mr. and Mrs. Angelo left them in a state of bewilderment and despair. What to do?

This week, however, the picture has changed completely. In response to an appeal made in The Register last Friday, the faith of the Angelo family in the eventual triumph of the forces that work for good, was restored.

This week they have food, clothing, beds, mattresses, and even toys, as a proof that the people of Washington Township are the kindest-hearted people in the world.

If you don't think so, you should have seen the outpouring of clothing, and food, almost as soon as the Register was on the newsstands. The Register phone began to ring, "How can I help? What do they need?", "I have a box of clothing my children have outgrown. Shall I bring it to the office, or shall I take it to them?", "Would they like an ice-box? I have one I'd be glad to give them," "We're moving, and we've bought a new chesterfield set. We'd be glad to give them our other one."

These are only a few of the responses to the appeal made for the family. Other people brought in boxes of food. Some sent in money anonymously. Others brought in toys for the kiddies who had watched in sorrow as all of their own toys went up in smoke. Blankets were brought in, bedding, dishes, even towels—everything, in fact, that one would need to start housekeeping all over again. The Sisters at St. Mary's of the Palms even volunteered some beds that were used at their summer camp.

Mrs. Angelo, overwhelmed at the generosity of the townspeople, said, "I just can't believe that people would do so much for us.". Her voice was overcome with emotion. "I didn't know that people could be so kind. Why, we have as much, maybe, more, that we had before, and last week we didn't have anything. The children, who were really sick because of the fire, are happy again. And I am happy again. too." She smiled.

At first she was a little hurt because none of her own people—those of Spanish-Mexican extraction—were among those who came to their assistance. But her misgivings proved to be unfounded, for it developed that those people had taken up a collection among themselves—dimes, nickels, fifty-cent pieces—all they could spare; and then had taken the money to the grocer, Mr. Perez, who delivered to Mrs. Angelo sixty-eight dollars!

"Imagine them doing all that for us," she said, her eyes becoming moist. "People are wonderful."

"Yes, indeed, people are wonderful.

In a time in the world's history when it appears that people's thoughts are centered on forces of destruction, it renews the faith in the humanity of mankind to witness the unraveling of a little story that shows that there is still unselfishness in the world, that people DO care what happens to their neighbors.

EDGAR VAN SCOY NAMED CENTERVILLE C. OF C. PRESIDENT

Edgar A. Van Scoy, Centerville jeweler, was named Wednesday to become the new president of the Centerville Chamber of Commerce at a luncheon meeting of that organization held at the California Inn. He will succeed Dallas Paul.

Other officers nominated unanimously, without opposition, were: Dr. E. M. Grimmer Jr., vice-president; Eugene Manning, secretary; Erle Hygelund, treasurer; Louis Cardoza, financial secretary; and Judge Allen G. Norris, Lee Williams, Harry Weber and Dallas Paul, board of directors.

Named as delegates from the Chamber to the Township Chamber of Commerce were Allan Walton, Harry Weber and Dallas Paul.

The group voted to dispense with their meeting next week, scheduled for February 22, and the formal election and installation will be held at the March 1 meeting.

DISAPPROVE PROPOSED RECREATION DISTRICT

The members of the Centerville Chamber of Commerce were informed at their meeting this week that their Board of Directors opposed the formation of a recreation district here.

In their report to the Chamber members the directors stated that they opposed the formation of such a district in view of the information available at present.

According to Secretary Goodwin, the report stated that it was the feeling of the directors that, "Basically we are not in need of such a program here."

Stated Goodwin, we now have fire districts, sewer districts, water districts, hospital districts and perhaps some others in this area and we feel that we should not back the formation of another district until a greater need is shown.

EMPLOYMENT OFFICE CLOSED FEBRUARY 22

The California Department of Employment office at 679 Watkins Street, Hayward, will be closed Wednesday, Feb. 22, in observance of Washington's birthday, it was announced this week by L. R. Bradley, manager.

150-HOME TRACT ON MISSION-IRVINGTON ROAD IS APPROVED

A plan for a new subdivision midway between Irvington and Mission San Jose was made public this week by R. J. Wright, Irvington, chairman of the Alameda County Planning Commission.

Wright said that Don Richmond, 1314 Fruitvale Avenue, Oakland, has submitted a tentative map of the subdivision which has been given approval by the Planning Commission.

The subdivision is known as Alameda County Tract No. 988 and is the acreage adjoining the Los Amigos Vineyard to the east.

According to Wright the tract would include lots for approximately 150 new homes. Three streets, Benoit, Carey and Rollo, will run through the tract parallel to the Mission-Irvington Highway and will intersect with Adar Street, which will run perpendicular to the highway.

Wright said that the developer must now prepare a new map of the tract with some slight revisions as recommended by the Commission and then submit the final map for approval. When the final map has received approval, construction must begin within 30 days.

FLOOD STUDIES TO BE REPORTED

A progress report by Army engineers who have been investigating the Alameda Creek watershed for flood control and allied purposes will be given Tuesday, Feb. 11, at the Court House in Oakland, it was announced this week.

The report will be heard by the advisory committee of the Alameda County Flood Control and Water Conservation District, of which W. D. Patterson is chairman. Hour of the meeting will be 8 p.m.

ROOSEVELT WILL VISIT TOWNSHIP

James Roosevelt, Democratic candidate for Governor of California, will open his 1950 campaign in Southern Alameda County next Monday.

Monroe Friedman, chairman of the Alameda County Democratic Central Committee, announced this week that Roosevelt will arrive at Niles at 11 a.m. Monday and will speak briefly at the flag pole on first Street. He will be introduced here by Judge E. A. Quaresma.

At 1 p.m. Roosevelt is scheduled for a short talk at Centerville in front of the fire station.

NEW QUARTERS ARE SOUGHT BY NILES FIRE DEPARTMENT

The Niles Fire Department is house hunting.

A. M. Alves, president of the Niles Fire Commission, this week appointed Commissioners John Brahmst, William Helm and Leon Solon to a committee to attempt to secure a site for a new fire house for the local volunteer department.

The commissioners, at their meeting this week, expressed the need for a suitable site on either First or Second Street between F and J streets.

First choice of the commission is a location near the present fire house, but past negotiations with the Southern Pacific have failed by the company's refusal to sell any of its property.

Brahmst, chairman of the committee, said yesterday that an offer will again be made to the Southern Pacific and if it is refused the local realtors will be asked to submit possible locations. He said that a lot of 5,000 square feet area would be the smallest considered as a location for the new fire house.

In citing the need of a new fire station, Brahmst stated that the present cramped quarters do not afford adequate space to allow proper care of the fire-fighting equipment; there is not adequate space for a meeting hall or recreation room for the men on duty; there are no sanitary facilities; the building is in bad condition; insufficient room to permit both trucks to depart at the same time, and there is no space for drying hose.

"The Niles firemen are all volunteers who serve without pay and are on call any time of the day or night to protect the property of residents of this community," Brahmst said. "The commissioners feel that they are certainly entitled to a better fire house. The present quarters have been inadequate for many years."

NOTED TENOR TO APPEAR HERE NEXT THURSDAY

When blond, six-foot Elwood Gary walks on the stage at Washington High next Thursday, Feb. 23, to give his concert in the Community Concert series, there will probably be heard audible sighs from the female sector of the audience.

Mr. Gary, tenor, is—unless his pictures flatter him enormously—a singer who has looks as well as a voice.

The voice we can be almost certain of, as he has appeared in the Metropolitan Opera Company, the acid test for any singer.

Oddly enough, Gary made his first bid for fame, not as a singer, but as a welterweight boxing champion. Born in Bridgeton, New Jersey, the tenor actually began his professional career as a singer when the family was living in Baltimore. It was not long before he was engaged by the Baltimore Civic Opera Company.

Gary's Metropolitan Opera debut in "Der Rosenkavalier" was preceded by a heavy schedule which included commuting to New York, Baltimore and Washington in order to continue appearances on four radio programs. He has been acclaimed by critics all over the country .

STATE OFFICIAL SHOWN NEED OF HOSPITAL HERE

"This is a revelation to me," is the way John Derry, assistant to the chief of the Bureau of Hospitals, State Department of Public Health, summed up his visit here Wednesday after he was conducted on a tour of the entire township by members of the board of the Washington Township Hospital District and local doctors.

Derry was invited here for a first-hand survey of the area after the office which he represents failed to grant approval for state and federal funds for the erection of a hospital here last year.

He explained that the maps and statistics which his department had studied showed a population of approximately 25,000 persons residing in an area of 158 square miles, the boundaries of Washington Township.

GETS TRUER PICTURE

From his trip around the township Wednesday, Derry soon realized that the bulk of the population lies within a radius of five miles from Centerville and a great portion of the township is virtually uninhabited hill country and marsh land.

The visiting official told L. S. Whitaker, president of the hospital district board, that he had just returned from Washington, D. C., where he had learned that the federal government has committed itself to a policy of increasing and extending the hospital program for another five years.

For the next five years the State of California will receive $5,000,000 per year in federal aid for its hospital program. This yearly sum will be matched by the state and by the hospital districts.

"This means that there will be $15,000 in hospital construction approved in the state each year," Whitaker pointed out, "and will greatly alleviate the shortage of hospitals."

A revised estimate of the cost of the construction of a 50-bed hospital here was handed Derry on Wednesday to be returned to the state office. The cost, originally estimated at $1,200,000, has been cut to $800,000.

The local directors were told that the state office would not consider any unit smalled than a 50-bed hospital for this district.

AWARE OF ACTIVITIES

"The state is keeping a close check of the activities here," Whitaker said yesterday. "It was interesting to note that Mr. Derry had clippings from the local newspapers concerning all the activities of the district," he added.

Before departing, Mr. Derry asked the directors of the district to appear before the next session of the Bureau of Hospitals in Sacramento, to be held some time before June 1 of this year.

SCENE IN CENTERVILLE

By IRENE MENDONCA

Irene Mendonca

A BIG WEEK-END

Last weekend was a very busy one for us. On Friday night, we attended a Valentine dance given by Frieden Calculating Co. as guests of Mr. and Mrs. Dias at the Mt. Diablo Country Club. Saturday evening we spent at the W.U.H.S. attending the Scout Exposition, my husband being Cubmaster of the Centerville Cubs. The exposition was very wonderful; the booths and exhibits showed the boys had worked very hard to make it the success that it was. We visited friends in Livermore Sunday.

During the evening we visited the Manuel T. Browns of Mission San Jose and spent a wonderful evening watching television programs. And that is the biggest week-end we have spent in years.

CELEBRATES BIRTHDAY

Little Maryellen Perry celebrated her third birthday a week ago Sunday with a party at her home on Soito Avenue. Those present were Barbara Ann and Loretta Valles, Dona Mae Bettencourt, Margaret Nunes, Susan, Ruthie, Sammy and Linda Linder, Barbara Cunha, Janice Cunha, Patty Gomes and, we musn't forget, Maryellen's brother, Dennie. Mrs. Silva, maternal grandmother, and Mrs. Perry, paternal grandmother of the little celebrant, were also present along with the mothers of the other little guests.

SEE MATA AND HARI TEAM

Mr. and Mrs. Dwight Thornburg and two daughters, Elaine and Nancy, motored to Albany one evening recently where they attended one in the series of Community Concerts. A ballet by Mata and Hari, that wonderful team, accompanied by a group of three other dances, was most enjoyable.

ATTEND DANCE

Mr. and Mrs. Edward Agna, accompanied by Mr. and Mrs. William Dutra and daughter, Shirley, of Niles, attended the Valentine dance at the Newark Pavilion Saturday evening, given by the Graham Manufacturing Company.

SUNDAY DINNER GUESTS

Mr. and Mrs. Joe S. Caldeira and son, Bob, of Fremont Avenue, and Mr. and Mrs. Alfred M. Nunes and Eleanor, were dinner guests at the home of Mr. and Mrs. Arthur Salotte of Oakland last Sunday. A sight-seeing trip to San Francisco through the districts of new homes also proved very interesting and the guests and their host and hostess enjoyed it very much. The evening was spent at games.

WEEK-END VISIT

Mr. and Mrs. Elmer Coit and family of Campbell spent the week-end at the home of Mr. and Mrs. Gabriel Coit of Oak Street.

FOUR DAYS IN CENTERVILLE

Mr. and Mrs. Arthur Twitchette of San Francisco spent four days last week at the home of Mr. and Mrs. Karl Nordvik of Oak Street. The Twitchettes are former Oak Street residents. While here they enjoyed visiting their many friends.

ST. JAMES ACTIVITIES

Services on Sunday, Feb. 19, Quinquagesima Sunday (approximately 50 days before Easter): Holy communion, 8 a.m.; Church School, 9:45 a.m.; morning prayer and sermon, 11 o'clock.

Ash Wednesday, Feb. 22: Holy Communion, 11 a.m. Guild meeting will be held at 1:0 p.m., Litany and Penitential Office at 5 p.m. The Annual Corporate Communion of the men of the Oakland Convocation will be held at 8 a.m. Ash Wednesday at True Sunshine Mission, Ninth and Madison Sts., Oakland, and will be followed by breakfast. Anyone wishing to attend, contact Mr. Lester Whitaker Jr. before Sunday, February 19.

Friday, Feb. 24, St. Matthias Day (St. Matthias was chosen to replace Judas Iscariot). Holy communion, 10:30 a.m.; choir practice at 7:30 p.m. (choir practice has been postponed for one day because of the Community Concert Thursday evening, Feb. 23.

Officers elected by the vestry to serve for the year 1950 were: Lester Whitaker Jr., junior warden; Mrs. Georgiana Hoskins, secretary; Mrs. Alfred Dana, treasurer; Mr. Claire Lopez, appointed senior warden (in some dioceses, this officer is also elected by the vestry, but here, after the English custom, he is appointed by the Rector of the parish).

The present members of the vestry are: Claire Lopez, Lester Whitaker Jr., Mrs. Georgiana Hoskins, Miss Olive Hoskins, Mrs. Blake Hill, Douglas Mayock, Milton Menneman and Mrs. Mabel Oaks.

AT BASKETBALL GAME

Miss Marlene Dias of Santos Avenue spent Friday night at the home of Janie Furtado on East Washington Avenue. The girls attended a basketball game that day.

96th BIRTHDAY FETED

Mrs. W. H. Loft, mother of Mrs. Christine Hygelund of Oak Street, celebrated her 96th birthday last Friday. Relatives and friends who helped her celebrate were: Mrs. Celia Eade of San Benito, her daughter; Mr. and Mrs. E. Eriksen of Dublin, Mr. and Mrs. Henry Lauesen of Santa Cruz, Mr. and Mrs. Erle Hygelund and Diane, Mrs. P. J. Hygelund of Santa Cruz, Mrs. A. G. Hygelund, Mrs. Setzer and daughter of Oakland, Mrs. Lillie Hygelund of San Lorenzo, Mr. and Mrs. Clarence Anderson of Martinez, Mrs. Ray Hansen and daughter of Fresno, Mrs. Thuesen and daughter of Alameda, Mr. and Mrs. Chris Mikkelsen, Mrs. Dora Andersen, Mrs. Martha Silveira of Centerville.

On Saturday morning Mr. and Mrs. Art Doffeneyre and daughter of Chico and Jorgen Loft, son of the celebrant of Yountville, came to extend their best wishes, and in the afternoon of that day, Miss Van Winkle and Mrs. Christensen called to join in with their "Happy Birthday."

On Sunday Mr. and Mrs. Lloyd Hygelund and sons of San Jose, Mr. and Mrs. T. N. Loft and granddaughter, Mr. and Mrs. Frank Pike, Mr. and Mrs. A. J. Waite, all of Felton, and Mr. and Mrs. Erle Hygelund of Centerville, all journeyed to the International Kitchen for dinner. The tables were beautifully decorated in Valentine motifs.

PILOTS AT WARM SPRINGS SET NEW SOARING MARKS

Most residents whose property adjoins airports are plagued by the roar of powerful engines as the planes land and take off from the field, but that is not the case at the Warm Springs field.

In fact, on many a Sunday afternoon spectators can watch four or five of the aircraft lazily circling the field and never hear the drone of an engine.

This unusual aspect is possible because the Warm Springs Airport is one of the most active glider centers in Northern California.

Soaring, or flying without the aid of power, is gradually gaining popularity in this section and most of the activity is centered around the Warm Springs field.

Ralph Salisbury, who owns the Warm Springs site, was recently crowned the West Coast soaring champion when he and his wife, Betty, flew their two-place sailplane in the West Coast meet in Southern California. Their longest flight during the contest was 154 miles.

Seven sailplanes are now based at the local airport and five more are in the immediate area.

A flight of seven hours and 40 minutes was recently made at the field without the aid of a motor.

Some of the soaring enthusiasts have recently tried cross-country flights in their gliders. The best effort to date was made by Earl Menefee of Menlo Park. Manefee took two hours and eight minutes to travel his sailplane from the local airport to Gilroy but the actual flying time for the 39 miles was 55 minutes.

Five of the owners of sailplanes at the Warm Springs field have announced their intentions of competing in the national soaring contest to be held in August at Grand Prairie, Texas.

BUILDING PERMITS DROP DURING JANUARY

Building permits issued by the Building Inspection Department of Alameda County took a decided drop during January, according to figures released this week by Marcus S. Carlson, building official.

Carlson reported that 229 permits were issued, representing a valuation of $1,275,290. Single family dwellings led all other types of construction with 129 permits for new homes issued.

ELLSWORTH ORCHARD TRACT IS PICTURED

"Orchard Homes, residential community, Niles, California," is the subject of a 10-page article in the January issue of the Architect and Engineer.

In addition to the lengthly article and pictures of the homes in the Ellsworth Orchard near Niles, the magazine also features a pictures of the residence of Mr. and Mrs. Manuel S. Silva on the front cover.

The article pays special tribute to Herbert T. Johnson, architect, and Dan Bodily, developer, by stating, "It again proves that a wise builder and an experienced architect can cooperate to successfully produce more practical homes, at a most reasonable cost.

NEEDS STUDIED

"During the last World War many a G.I. dreamed of a little home where he could live in privacy with his family; where he had room to breathe and stretch his arms out without hitting the house next door; where he could dig up a bit of good-earth and plant some vegetables, or roses. He longed for a place where his children could play in safety without the danger of being run down in the street by the passing automobile or bus; where the 'little woman' could work and live without too much backache or heartache; where there would always be plenty of fresh air and sunshine and a space in the back yard to roast weenies over a bonfire or prepare a barbecue. He dreamed of getting away from the city upon his return from military service; to go to some small town where people are really neighbors and every individual is considered a part of the community instead of 'just one of the herd.'

VARIATION A FEATURE

"A few enlightened developers have started on the right track towards a logical solution. One of such developers is Dan Bodily of Niles.

"To begin with, the subdivision was divided into thirty lots of approximately eighty feet wide and one hundred fifty feet deep. Houses were oriented in relation to the sun rather than the street frontage.

"This combined with the gently curving streets, gives a pleasing variation to the overall picture. The difference between individual houses is carried out further by changes in the treatment of materials, colors, fences and roofs.

"Each house in the subdivision has unusually privacy through use of enclosed patio gardens."

Diagrams of the entire tract and many of the individual homes are depicted on the pages of the magazine, accompanied by some photographs.

At the LIBRARY

By ELAINE HOWE

California history has a consistently strong appeal to most of the native and adopted sons of the state. The library has just received a new collection of Californiana on loan from County Library headquarters. I shall mention several of the more outstanding titles in the next few weeks.

I've been keeping "bad company" with Joseph Henry Jackson, the Chronicle book-reviewer, as guide. His latest book, "Bad Company," takes the reader on an exciting tour of the west and its dashing, reckless outlaws whose deeds of daring have become legendary. The king of them all, Joachim Murietta, leads off, followed by Rattlesnake Dick, Black Bart, Tiburcio Vasquez and others. Mr. Jackson's recreations of their fantastic stories make fine reading.

I've never associated Abraham Lincoln very closely with California. However Milton Shutes did, and the result of a good deal of research is seen in "Lincoln and California." His story is built around Lincoln's old friends who became Californians, his interest in California as a free-soil state, his part in the building of the Union Pacific Railroad, and all the other records which bound our greatest president to the west.

Mention of El Camino Real brings to mind the long string of missions established by Father Serra in the early days. Much of the romance and drama of that trail has been gathered together in "Royal Highway" by Edwin Corle. It's a lively book about the road which extends from lower California to Sonoma, and includes the history of the missions, Indians, padres, early governors and explorers as they walked up and down El Camino Real.

Some people like to look at pictures—here we have two superb collections—"Gold Rush Album" by Joseph Henry Jackson again, and "California Pictorial" by Jeanne Van Nostrand. Both are full of original photographs and paintings of the scenes of California's beginnings, accompanied by illustrative text. History can be recreated more clearly in pictures than all the words in all the books.

WASHINGTON'S BIRTHDAY

On Washington's birthday, an American's thoughts turn naturally to the foundations of our republic and to the great work wrought by the Founding Fathers.

Throughout a large part of today's world people cower in terror of secret police, political judges, and summary "justice." A few words laid end to end in the "wrong" order may cost a man his head; a political misstep can wipe out a whole village.

We Americans enjoy the priceless protections of due process of law. Our Fathers had the wisdom to guarantee us "certain inalienable rights," and to root these rights in the equal creation of all men by the unchangeable God.

"All men are created equal," they said, and "are endowed by their Creator with certain inalienable Rights, (and) among these are Life, Liberty, and the pursuit of Happiness."

If this be not true—wholly and entirely and literally true—our liberties rest indeed on shifting sands. Let us remember this during Brotherhood Week (Feb. 19-26). Remember it! Practice it!

NO MORE 'MISSIONS TO MOSCOW'

The announcement in Washington that no further efforts will be made to reach an agreement with the Russians on the control of atomic energy may come as a disappointment to some well meaning persons who still think the Kremlin can be reasoned with.

But the approach to the situation by the State Department is realistic. Our diplomats and our top government officials have learned from bitter experience that agreements with the Soviets aren't worth a ruble. They know that no matter what might be agreed upon—if they could get Stalin to agree to anything—it would be heeded by him only so long as it served the Communist purpose.

We already have a number of agreements with the Russians and their satelites, notably those drawn up at Yalta and Potsdam. If the Soviets lived up to these treaties there would be no cold war today.

By the same token, if the Kremlin sincerely desired international atomic control in the interests of peace, it would not find the American proposal known as the "Baruch Plan" difficult to accept or, at least, suitable for a basis on which to arrive at an agreement.

Even more starry-eyed that those who think that agreement with present Soviet leaders is either possible or practicable, are the individuals who say we should destroy all our weapons as an example for other nations—including Russia—to follow.

As Senator Lodge of Massachusetts put it to a group of such people, "It's a good thing the rest of us don't agree with you, or we wouldn't be here very long."

EXPLORER SCOUTS WILL SEE ICE HOCKEY GAME

Explorer Scouts from throughout this area were invited this week to participate in a big Explorer party at Winterland Ice Rink in San Francisco on Saturday evening, March 4, to see the Shamrocks in a hockey game.

The event is sponsored by the Tennyson Scout Committee. Troops or Posts planning to attend must return a card telling how many Explorers and leaders will participate. Don MacDougal, Scout executive, said this week that Explorers do not have to have a uniform to participate.

To get better oil for you...

To help him earn a good living...

A Standard Oiler works with $41,073 worth of tools

It has long been known that the better a man's tools, the more he can produce and earn.

The farmer with one plow and a horse cannot produce anywhere near as much as today's farmer with a gang plow and a tractor. And today's oilman is a far more efficient producer of good products than ever in history...because he is backed by a tremendous investment in tools.

Every one of the 29,970 employees of Standard of California and our subsidiary companies has behind him $41,073 worth of equipment. With it, he produces more and earns more than ever before—his average income last year was $4083.81 in wages.

It is our responsibility to keep his "kit of tools" in excellent shape and provide more if he needs them. To that end, $450,000,000 has been invested in new plants and facilities since the close of the war.

HINTS FOR HOMEMAKERS

MAKE PERFECT MUFFINS EVERY TIME

by the
General Electric Consumers Institute

Why do your muffins turn out perfectly one time and go all to pieces the next?

There's a very simple answer: you don't always follow the recipe accurately.

More recipes turn out badly because the homemaker fails to follow the preparation instructions than for any other reason. Too many homemakers cook by eye and not by rule. Unless they are natural-born cooks—and those are very rare—the results are uneven and too often unsatisfactory.

To assist homemakers in turning out perfect dishes every time, experienced home economics organizations like the General Electric Consumers Institute try out a recipe in many different ways before they finally put their stamp of approval on it. The tested recipe that is then released has carefully worded, detailed preparation instructions so that anyone following them exactly will get results duplicating those obtained by the experts.

Here is a simple but delicious muffin recipe to show what can happen if the homemaker becomes a little overenthusiastic in making it up:

Perfect Muffins

Tested in the G-E Consumers Institute

1 egg, unbeaten	2 tablespoons sugar
1 cup milk	3 teaspoons double-action baking powder
¼ cup melted shortening	½ teaspoon salt
2 cups sifted all-purpose flour	

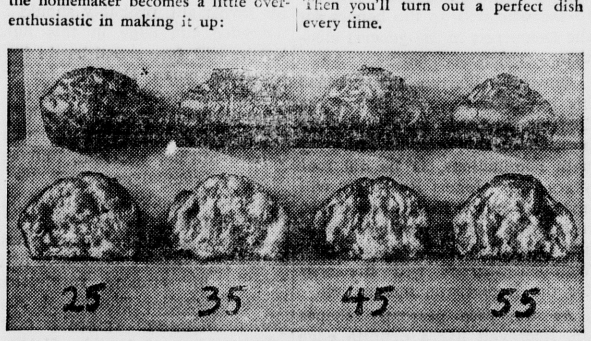
(All ingredients should be at room temperature)

Put egg, milk and shortening in medium-sized mixing bowl and beat with a small kitchen fork for 100 strokes. Sift dry ingredients evenly over the surface of the liquid ingredients, and gently mix with a small kitchen spoon for 25 strokes. Carefully place batter in greased shallow muffin cups. Bake in oven 425°F for 20-25 minutes. Makes 12 muffins.

You may think that this is an unreasonably precise recipe. Why should it specify an exact number of mixing strokes, for instance?

Well, there is a very good reason. If, instead of taking 25 strokes to stir the dry ingredients into the liquid ingredients, you take 35 strokes, the quality of the muffins begins to change. And if you take 55 strokes, the muffins peak unattractively, are riddled with air holes and are tough.

In other words, no matter what recipe you are preparing—whether it be muffins or cake — be sure to follow tested instructions to the letter. Measure all ingredients accurately and time or count all operations exactly. Then you'll turn out a perfect dish every time.



Here's what happens if you don't follow a muffin recipe exactly. Recipe says: "Mix ingredients with 25 strokes." When you do this, muffins turn out perfectly like one at left. But if you mix too much, they begin to go to pieces until they look like the one (right) that was mixed 55 times.

CROP PLANNING DISCUSSION FEB. 20

"Things that need to be done in Alameda County on field crops, alfalfa, and sugar beets," will be the subject under discussion when key farmers of Alameda County meet with the Agricultural Extension Service at Pleasanton in the Vocational Agricultural Room on Monday, February 20, at 8 p.m., states Stanley Coates, farm advisor.

Loren L. Davis, extension specialist in field crops, and Wayne F. Weeks, extension specialist in sugar beets, will be at this meeting.

Information needed by the farmers will be discussed and listed along with the method to be used in obtaining it.

OUR READERS WRITE . . .

THANKS

Dear Editor:

I can't tell you how grateful I am to the kind people who read about our misfortune in your paper. They were so kind to bring us all of those things that we needed so badly.

Some people brought the things right to us, and some left them at your office and you brought them out to us. Some people even sent us money, which was very thoughtful, as there are so many things to buy when everything you own has burned up.

I don't know what we would have done without the clothes, the furniture, and the other things that people gave us.

It is hard losing everything in a fire, when you have children.

I will never forget these kind people who helped us so much.

Thank you,
SUSIE ANGELO

AND THANKS

The Editor, Sir:

As chairman of Camping and Activities, Southern District, Oakland Area Council, Boy Scouts of America, I want to express my thanks to you for rendering such outstanding publicity in your paper for the past several weeks on our "Cub-Scout in Action Show," held at the Washington High School Saturday, Feb. 11. I am sure the publicity given in your paper was one of the reasons our show was a success.

This show will be an annual event in Washington Township. We hope in 1951 it will be twice the success of 1950. The show was a climax of Scout Week, celebrating the 40th anniversary of Scouting in America. What did we celebrate? It wasn't a person. It wasn't a place. It wasn't camping. It wasn't an emblem of honor. We celebrated the continuing impact of a simple code of living on the lives of boys and of men.

And as we rededicated ourselves to the Cub promise and Scout oath and law, we adult leaders realize it is a real contribution to the strength of liberty in America.

FRED H. DUFFIE

AND THANKS AGAIN

The Editor, Sir:

In behalf of the Scouters in the Washington Area, may I extend our most sincere thanks and appreciation for the fine publicity rendered to us by your paper.

It is my belief that the great success of our recent First Annual Scouts in Action Show was largely due to your splendid cooperation.

LAURA LOMA PARLOR VISITS PLEASANTON

Officers and members of Laura Loma Parlor, N.D.G.W., were guests of Pleasanton Parlor Tuesday evening. The next regular meeting of Laura Loma Parlor will be held Tuesday evening, Feb. 21, according to Dorothea Rose, president.

The Golden Gate is less than a mile wide at its narrowest point.

THE RED CROSS

The Editor, Sir:

In your issue of Feb. 10 you carried a news story concerning the Angelo family who lost all their possessions in a disastrous fire Feb. 3 at the California Nursery. As branch chairman of the Washington Township Red Cross, I feel that the public is entitled to further information on what the Red Cross has done and is doing for this family.

The Red Cross in this township is a volunteer organization, all of whose members serve without pay. When a local disaster occurs the volunteers handle it unless it is too big a job for them. If the job is too big for the local volunteers we call for further help from the Oakland Chapter. Through our volunteers we aided in an equally disastrous fire in Newark two years ago and in another in Centerville last year; in each case without having to call on Oakland for help.

I was advised of the Angelo fire on the day it happened. I immediately authorized $25.00 for emergency purchases and informed the volunteer in charge that as soon as it was known what the family needed all necessary money to meet these needs was ready.

It is impossible to meet needs until they are known. No further calls were made by this volunteer on my unlimited authorization for purchases.

Thursday, Feb. 9, the Oakland Chapter was advised of the need for further aid. Their rehabilitation worker called on Mrs. Angelo that day. Rehabilitation was needed now. The Red Cross was working and is continuing to work on getting the family set up in an adequate home with sufficient needed supplies and furniture to live decently. This is rehabilitation and before the Red Cross is through the family will be rehabilitated.

On her February 9th call, the Red Cross worker brought ten cleaned and sterilized Army blankets. Mrs. Angelo wanted only five at the time. They were given to her. She said the only other immediate need was for raincoats and rubbers for the children who were much in the mud. These were obtained and given to her Friday, Feb. 10.

The most urgent need of the family was a home large enough for them. The worker started to work to help in that regard. Now the Angelos have been promised a larger house. They will then have space to set up more beds, which they have no place for now. Beds and mattresses are ready for them as soon as they can place them. Today Mrs. Angelo has advised us she could use the other five blankets. They have been given to her.

Through the generosity of many Washington Township people, emergency aid is now sufficient.

The Red Cross will see that the job of rehabilitation is carried through to a successful completion.

Very truly yours,
LE ROY A. BROUN

Thinking Things Over . . .

By VIVIAN BATMAN

Today I am a Boy Scout.

Surprised? Well, maybe you think I'M not! Not that I have anything against the Boy Scouts. On the contrary, I like Boy Scouts. They are, in fact, very nice people. But somehow I have never seen myself in the role of a Scout.

But strange things happen, and here am I, a former Campfire girl, now going around in a daze, muttering the Boy Scout oath.

It all happened last Saturday night at the big Scout-in-Action show at the high school.

It seems that if you're a mother of a Tenderfoot, you, too, have a Scout-pin pinned on you. I survived this ceremony. I say "survived" advisedly, as my young Tenderfoot did the pinning, and—well—a Tenderfoot can get nervous, can't he? And with a pin in his hand—see what I mean?

It all happened so suddenly that I didn't realze that I was being lassoed into the Scouts. It was the next morning that I had the rude awakening.

In a ladylike manner I was calling the fried eggs all kinds of names because they had burned. A reprimanding young voice at my elbow said, "Mom, a Scout is cheerful."

"YOU be cheerful," I said. "You're the Scout in the family."

"Youre wearing a Scout pin, aren't you?" he came back.

"Why—er—yes," I admitted. "Why?"

"Then you've got to do as the Scouts do," he replied evenly.

"Stop! Don't tell me I'm a Boy Scout!" I gasped.

"Well, it's just the same," was the discouraging reply.

So for the next few days I went around tying knots, and rubbing two sticks together to make fire. This wasn't so bad, but when I said to a lady over the phone, "I'm sorry, but I just can't come to your card party today. I just got up out of bed to call you. I have a terrific headache," it was slightly disconcerting to hear this young Tenderfoot voice saying, "Mom! A Scout is trustworthy! You haven't been in bed since last night, and I don't think you have a headache or you wouldn't be doing all those bending exercises to make you thin."

He gave the Scout salute and walked away.

I returned the salute weakly, feeling sort of sheepish.

It was the same thing when we had unexpected callers. "Oh dear! I exclaimed. "Here come the Dinwiddies, and I haven't a thing in the house to feed them."

"Mom! Be prepared!" came the voice of doom.

Now here I sit, sewing "Owl Patrol" on my nightgown, and I AM prepared. I'm prepared to go away on a vacation after this ordeal.

And who would have the nerve to suggest that I spend it at Dimond-O?

ART IN A SALVAGE SHOP

Many an elite shop in a city would be glad to profit by having an original painting in their window, done by a professional artist, to attract attention to their wares.

So it is thus with considerable pride that the Salvage Shop, the little obscure shop in Niles that is run by Toyon Branch for the benefit of Children's Hospital, this week is displaying in its window, and is boasting of owning, an original oil painting done by that well-known local artist, Ethel Grau. The painting was done especially for Toyon, carrying out in its central theme the main purpose of the salvage shop.

Go down and take a look.

Whether you're planning a complete new building program or only a minor repair job, it's economy wise to deal with a complete and reliable firm.

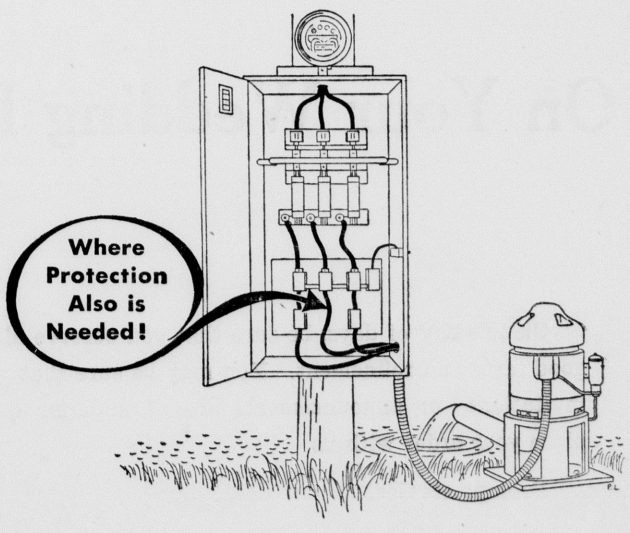
HOW ABOUT OVERLOAD PROTECTION FOR YOUR ELECTRIC MOTOR?



Overloading has become the principal cause of a lot of trouble to electric motors, particularly pumping installations. The majority of three-phase irrigation motors have overload relays installed on only two of the three motor supply lines. This in not an *adequate* safeguard against motor damage.

Adequate protection can be had by installing an overload relay in the third motor supply line or by installing three special thermal type fuses in the fuse block.

The installation of a third overload relay is inexpensive and should be made at once. It will guard against damage to the motor and hence assure against loss of time and possible crop damage through lack of water at a critical period.

See your electrical supply dealer and get *this additional protection* for your electric irrigation motor as soon as possible.

BIRTHDAY CELEBRATION

Mrs. Barbara Santos, daughter of Mr. and Mrs. Bill Jibson, celebrated her birthday on Sunday at the home of her parents in Niles with her husband and relatives present. Mr. and Mrs. Bert Justus and family of El Cerrito arrived for the birthday cake and ice cream after having dinner with his folks in the Mission.

MOVE TO DOS PALOS

Friends who remember Marian Bunting will be happy to know the she and husband, Peter, and their daughter and son, have moved to Dos Palos to operate a dairy. She lived here for the first war years while Peter served in Uncle Sam's Navy. They lived in Atascadero following the war and it was there that they lost their eldest daughter, Adrian.

HOME TALENT!

The Mothers Club of the Mission school held their monthly meeting on Thursday and made final preparations for the two one-act plays they are going to produce on April 13 and 14 at the school. It will be of the burlique type and several acts of old mellerdrama days will also have a place in the evening's entertainment. Watch for this home talent extravaganza!

The highlights of the evening's meeting (to get down to a serious side) was the lovely ceramics which our own Kathleen Amaral brought for display and gave a very interesting talk and answered questions about how to make them, the cost and all the work it involves. This was followed by refreshments served by Dorothy Click, Vivienne Hamilton and Dolores Andrade. Dot Click is the chairman of a committee to get speakers and the next three meetings are all scheduled and promise to be very entertaining and informative. New members are welcomed and old ones are invited to attend and make our club one to be proud of.

SAD NEWS

Friends of Mrs. Rose Rogers are sorry to hear that she is back in the San Jose hospital again under the care of her doctor. She underwent an operation several weeks ago and seemed to be doing OK but had to return on Sunday.

A TURKEY DINNER

Sunday evening at the home of Don Hayes on the Calavaras Road a number of friends arrived to enjoy a lovely evening and a wonderfully prepared turkey dinner and all the trimmings. The evening was passed by playing the new canasta, and everyone not only felt like the turkey after eating, but also enjoyed the grand hospitality of Mr. Hayes' home.

Those present were: Florence and Larry Thompson, Ferne and Michael Overacker, Theo and Howard Overacker, Margaret and Ed Chadbourne, Alice and Herman Lamprecht, Roe Garcia and Don Hayes.

THE AUXILIARY

The Mission Auxiliary of the Fire Department met for their monthly meeting at the home of Kathleen Amaral and all final arrangements were made for the dance which will take place on March 18 at the I.D.E.S. Hall. Sal Galvan's orchestra will furnish the music. There were many important new things brought up and approved, among them the taking in of the commissioners' wives as members and a secret pal for each member.

CHECKING IN

How did Art Steele know that his government check was here? Anyway he did, and arrived from Cool almost as soon as the check did. He came down to spend the week-end here with his wife, Mildred, and son, Dougie, at the Joe Santos home. They all went back on Sunday, but Molly and Dougie will be back in a few days so she can resume her hashing duties at Helen's Fountain.

DINNER GUESTS

Mr. and Mrs. Jimmie Norris and family of Milpitas were Saturday dinner guests at the home of Daniel Cross and family and Vic and Florence Silveria of Centerville were evening guests there also.

VALENTINE PARTY

The Ladies Auxiliary of the Irvington Fire Department invited the newly organized Mission Auxiliary to their meeting hall on Wednesday evening, Feb. 8, for a Valentine party. Introductions were handled by Mrs. Evelyn Peixotto and, following a very business-like and interesting meeting conducted by President Belle Silva, the ladies welcomed in several new members. The scrap book of the organization was a very interesting one and contained their doings for the past ten years. The long table decorated in Valentine motifs by Mrs. Josephine Soito, was a lovely thing to see and two delicious cakes, one with "Welcome Mission Auxiliary" and the other with "Welcome New Members," took the eye of everyone as you neared the table. Those gals surely know their stuff when it comes to grand eats for I'm sure those who were supposed to diet just could not resist very well and the rest who could eat surely did. Thanks for a wonderful and helpful evening, fellow neighbors, and best of luck in all your forthcoming projects whatever they are.

Y.M.I. ENTERTAINS

Reports have reached us that there are really some wonderful men cooks in "these here parts," for on Tuesday evening at the I.O.O.F. Hall in Irvington, the Y.M.I. entertained the Y.L.I. at a ham dinner in appreciation of all the former nice things that the ladies have done to help the men out. The hall was decorated in Valentine hearts

FUTURE GROWTH OF THIS AREA MAPPED BY REALTY BOARD

A series of six meetings for the purpose of a discussion and analysis of the industrial and commercial future of Southern Alameda County is to be held during the next three weeks in San Leandro and Hayward, under the sponsorship of the Southern Alameda County Real Estate Board.

The first meeting was held last night in the Council Chambers of the San Leandro City Hall. The second meeting will be held tonight (Friday) at 8 p.m. in the Council Chambers of the Hayward City Hall.

BANK OFFICIALS SPEAK

Succeeding meetings will be held in San Leandro and Hayward during the following weeks at the same places and same times.

"All these meetings will be addressed by high officials of the banks serving the great industrial and commercial empire of the southern part of our county," was the statement of Fred Cox, president of the Real Estate Board. "It is our firm conviction that this great empire between Oakland and San Jose is truly the Garden of Eden for industries and we intend to focus attention on this area so that it may prosper and grow as it should," Cox added.

Speaker at last night's meeting was R. M. Oddie, Small Business Advisor of the Bank of America, whose talk contained much data and statistics to bring out the opportunities and possibilities of California as a state and the Bay area specifically.

OPEN TO PUBLIC

E. J. McGowan, assistant vice-president of the Bank of America, will be the speaker at tonight's meeting. He has announced that his address will be on "Economic Trends" and will be illustrated with graphs and charts which will give his listeners clear pictures of business, financial, population and other growth factors in the state.

All talks will be followed by periods for questions by those in attendance and answers by the speakers with open discussions of important developments in Southern Alameda County.

The meetings are open to all business men and women and admission is to be free.

DANCE TOMORROW AT WARM SPRINGS

A benefit dance to raise funds for the school chapel at Warm Springs will be given this Saturday night, February 18, at the Warm Springs grammar school, under the sponsorship of the Past Presidents Club of St. Jude's Institute.

Plans for the dance were completed at a dinner meeting of the Club held recently at Pland's Villa, which also served as a birthday party for the club, which is two years old.

The FARMERS CORNER

by Ralph H. Taylor

Executive Secretary Agricultural Council of California

Like the little man who some believe resides in the family refrigerator to turn the light on and off as the door opens and closes, the mischievous elf tinkering with California kaleidoscopic political scene has been busy for months past flashing red, green, and amber lights for the benefit of those aspiring to public offices.

With the June 6 Primary Election looming ever closer and the November 7 General Election to follow, however, the political pattern is taking shape—and the little elf has pretty well decided who gets the green light and who gets the red.

In the governorship fray, incumbent Earl Warren will bear the GOP standard. James Roosevelt and Welburn Mayock are scheduled to battle it out in the primary to see who will do the honors for the Democrats in the general election.

Governor Warren has signified his intention to cross-file on the Democratic ticket at the primary election in the hope of capturing both nominations, as he did four years ago. James Roosevelt will cross-file on the Republican ticket, although he has announced himself as opposed to the practice, and Welburn Mayock will file only for the Democratic nomination.

As the race presently shapes up, Roosevelt has a definite edge over Mayock and probably will capture the Democratic nomination.

For Lieutenant Governor, incumbent Goodwin J. Knight will file for re-election. At present the only opposition to Knight, in his own party, is from Supervisor Raymond Darby of Los Angeles. It is questionable, however, whether Darby will actually file for the race, as Knight is felt to be sufficiently strong within his own party to be assured the Republican nomination.

On the Democratic side, Ellis Patterson of Los Angeles has announced that he is seriously considering making a try for the nomination and Senator George Miller of Contra Costa County has sent up numerous trial balloons. Dark horse Democrat candidate is Francis Dunn of Oakland. It is doubtful that Dunn will make the race, however.

In all likelihood, the lieutenant-governorship contest will find Knight emerging as the Republican winner without much difficulty, and Patterson and Miller will wage a near even fight for the Democratic nod.

For Attorney General, incumbent Fred M. Howser (not to be confused with former Lieutenant Governor, and now Judge Frederick F. Houser) has signified his determination to run for office again. In his own party, Attorney General Howser will face a stiff fight from Edward Shattuck, recently resigned chairman of the GOP state Central Committee.

Number one contender for the attorney-generalship is San Francisco's District Attorney Edmund G. Brown. Brown was defeated in the race for attorney general four years ago.

Battling it out for the United States Senate in the primary will be incumbent Sheridan Downey and Democratic Congresswoman Helen Gahagan Douglas. Republican Congressman Richard Nixon and Judge Frederick Houser probably will tangle on the GOP ticket at the primary election.

Downey, a master campaigner in his own right, probably should be conceded the edge in this fight, but he will face a real battle from Congresswoman Douglas for the Democratic nomination—and if he wins at the primary, either Houser, a proven vote-getter, or Nixon, a hard-hitting, youthful, and aggressive campaigner, will be a force to be reckoned with at the November general election.

In other spots, Secretary of State Frank M. Jordan should have little trouble in winning re-election. State Controller Thomas H. Kuchel probably will return to office without too much trouble. Veteran State Treasurer Charles G. Johnson should win his fight, and Superintendent of Public Instruction Dr. Roy E. Simpson probably will be returned to office.

Congressional and state senate and assembly races will round out the major election contests for candidates.

Now, unless that little elf starts flicking lights all over again, the candidates can get down to the business of being elected—and the public can keep informed on what is going on from one minute to the next.

SERVICE STATION IN IRVINGTON REOPENS

The service station at 450 San Jose Highway in Irvington has been reopened by Blair Hosler, formerly of Oakland, who is now operating it under the name of Hosler's Mohawk Service.

Mr. Hosler, who formerly was employed by the Hoffman Corporation in Oakland, stated that he would move his wife and two children here when he found housing accommodations.

California and the United States produce only three per cent of the world's total wine supply.

The Senior Girl Scouts of Washington Township, Chapter 18, will meet at the home of Mrs. Keith Whipple, senior scout leader, in Decoto on Monday, Feb. 13, at 1 p.m. They are currently engaged in making a quilt. According to Mrs. Adolph Souza, leader of Brownie Troop 11 of the Hayward Area Girl Scouts at Niles, her troop is planning a Valentine party to be held at the Scout Hut in Niles on Monday, Feb. 13, at 1 p.m. The mothers and younger brothers and sisters are invited. The girls have made corsages for their mothers with valentine candies and are making place cards using candy suckers dressed as folls. They will serve ice cream and cookies to the children and cake and coffee to the mothers.

Girls taking part in this are: Joan Souza, Arlene DiGuilio, Eileen Quartaroli, Geraldine Gonzales, Alice Rena, Caroline Holt, Barbara Lesh, Judy Preston and Patricia Scott, with Anita Odom and Jeanette Lewis acting as hostesses.

A Twentieth Century Fund survey reports that about 40 per cent of the communities of the United States do not have building codes.

HUBERT By Dick Wingert

AMERICAN INDIAN HAD WAISTLINE

The American Indian, traditionally lean and lithe of figure, was compelled by social custom to watch his waistline, according to Dr. Walter Goldsmidt, anthropologist on the Los Angeles campus of the University of California.

At least this was true among the members of the Hupa and the Yurok tribes of northwestern California, says Dr. Goldsmidt.

Big eaters of the tribe were considered to be vulgar. A person of good manners, according to tribal tradition, always ate in moderation and left food in his baskets to show self-control.

In case the social stigma attached to over-eating didn't deter him or he sneaked in some large in-between-meal snacks there was another way to slough off avoirdupois.

This was the tribal "sweathouse," a sort of aboriginal Turkish bath. Actually the sweathouse was a part of a religious ritual, which offered a daily test of the self-indulgence of the men.

It was a subterranean structure with two doors. One was a hatchway in the roof for easy entrance. After the sweating ordeal, the warrior had to leave through a narrow oval opening at the floor level and climb out a cobble-lined flue.

It was a test far more exacting than the bath-room scales, for he could not partake of this religious sweating if he couldn't get out the flue—and that meant the spirits would not give him luck.

Say you saw it in The Register.

SPORTS

CINDER MEN WILL BEGIN DRILLS AT W.U.H.S. MONDAY

With the coming of the first warm spring days the thoughts of the young men of Washington Union High School have turned, among other things, to track and field meets.

As a result, Coach Jud Taylor has called the first gathering of track and field aspirants for next Monday afternoon for a look-see at what material is available.

Prospects are for a much better team than that which took the field last year for the orange and black, with most of last year's inexperienced lettermen back this season.

Outstanding performers of last season who are expected to win their share of honors this season are: Don Pine, 440-yard dash; Orvie Robertson, half-miler; Bob Saucedo, miler; Dick Lane, miler; Mondo Morlos, pole vaulter and hop-step-jump; Angel Arias, pole vault; Willie Funk, shot-put; and Merle Runolfson, discus.

Coach Taylor is definitely lacking in experienced sprinters and hurdlers but is hopeful that some speed-burners can be developed before the first meet against Gilroy on March 31.

The Class B squad is expected to be the favorite in the S.C.V.A.L., with the majority of second-place winners of last year's C squad on its roster.

Joe Orocci, who was undefeated in the sprints last season, is up from the C's to the B's this year, as is Jimmy Martinez, who specializes in the 440, broad jump and hop-step-jump.

Others expected to add many points to the team's standing are Waymond Chan, broad-jump and sprint veteran, and Merle Bechtold, pole vaulter.

The C and D squads are, as Coach Taylor put it, "A big question mark," with all new inexperienced material.

Australia has contributed almost $90,000,000 in world relief appropriations since UNRRA began.

CAGE SQUADS END SEASON TONIGHT

The Washington Union High School basketball squads will climax their 1949-50 cage season tonight in a double-header against the San Jose Tech quintets scheduled for 7:30 p.m.

Last Friday night, on the home court, the Washington cagers split a double-header with Campbell, the Puppies losing 33 to 19 and the varsity winning 31 to 25.

Tuesday evening the local lads suffered twin defeats at the hands of Los Gatos in S.C.V.A.L. games.

Los Gatos romped over the light-weights 39 to 25 and the Washington varsity was dumped 52 to 45. Coach Clyde Voorhees' varsity quintet entered the final quarter of the game on an even 33-33 basis but folded in the final minutes. All of Washington's scoring was done by four men, with Morlos contributing 21 points, Juhl 13, Vargas 7, and Hernandez 4.

HORSEMEN'S CLUB TO RIDE SUNDAY

The Southern Alameda County Horsemen's Club will have its first ride of the year Sunday morning, Feb. 19, according to President William Davis. The riders will meet at Decoto at 10 o'clock and will ride up Morrison Canyon. Anyone who wishes may accompany the group.

The club is planning a trail ride for March 5 through Niles Canyon to Palomares School, where a chuck wagon will meet them for lunch. This ride will start from Stoneybrook Park at 10 o'clock.

RECREATION COMMITTEE MEETING FEBRUARY 23

The committee recently named to study the need and feasibility of the formation of a recreation district in Washington Township will meet Thursday evening, February 23, at Washington Union High School at 8 p.m.

Ken Foster, Newark, chairman of the committee, stated yesterday in calling the meeting, that there seems to be a misconception of the duties of the committee.

"We were named to make a survey of the township to determine if there is a need for such an organized program here, not to set up a district," Foster stated.

Answering promptly—giving others a full minute to answer her call—are first on Janie's list of aids to service.

How Janie helps herself to better service

1. "Allowing a little time between calls," says Janie, "gives others a chance to call me . . . and it's a nice party-line courtesy, too." So when she's getting the gang together for a picnic, or for any reason needs to make calls in a row, she waits several minutes between each one. "It's simple to make friends with others on our line. I just use the telephone the way I like them to."

2. Looking up numbers, Janie knows, is really important. "So easy to get them mixed up," she explains. "Why, I was just sure Babs' number was 8145 . . . but when I called her I got the drug store. Turned out her number was 8415. So unless I'm really sure of a number, I'm going to look it up in the telephone book." That's a good tip for all of us—teen-agers and grown-ups.

3. Getting the most from the telephone—and helping others get better service—depends in part on every telephone user. Facilities have doubled in the West in ten years. Your telephone is today one of your most valuable servants . . . saving time, saving steps. And it still does its job for just a few pennies a call.

KRAFTILE

Reports to the Community

FOR THE PAST TWENTY-FIVE YEARS, Kraftile Company has been operating its clay products plant here in Niles. Less than a half of one percent of our products are sold in Washington Township. As a result, very few of our Niles neighbors—except our own employees and their families—know who we are or what we do.

Perhaps you feel that it is none of your business—but it IS. Every member of the Niles community has a definite, dollars-and-cents stake in Kraftile and in every other industry here in Niles. Here's why: we are converting local labor and raw materials into "exportable" goods, sold in other areas in exchange for dollars largely spent in Niles. This becomes **YOUR** business, whether you are a local merchant, a housewife, or just living here . . . because every dollar of payroll spent in and around Niles creates more trade, more taxable transactions to help pay for roads, schools, social welfare and other community expenses.

FOR EXAMPLE, KRAFTILE'S LOCAL PAYROLL FOR 1949 WAS APPROXIMATELY $250,000. THIS SUM HAD THESE EFFECTS ON COMMUNITY PROSPERITY*:

- It supported, directly and indirectly, 615 people and 20 retail stores
- It maintained 13 school rooms
- It made possible 239 occupied homes
- It supported 2 professional men

THOSE WHO SHARED THIS PAYROLL MADE THE FOLLOWING PURCHASES DURING THE YEAR*:

- $56,100 in food
- $38,450 in autos and gasoline
- $23,800 in wearing apparel
- $20,890 in services (laundry, cleaning, repairs, etc.)
- $14,830 in furniture and household appliances
- $ 6,680 in entertainment
- $ 5,122 in drugs and sundries

FAVORABLE COMMUNITY "BUSINESS CLIMATE" FOSTERS SUCCESS

Kraftile's 25 years in Niles have been pleasant and successful. There were rough periods in the thirties, of course—but the loyalty, skill and diligence of Kraftile workers "paid off" in the long run. For the past 10 years, sales have steadily increased. Today, Kraftile's place in the highly-competitive building materials industry is soundly established. Our splendid relations with our workers and with our community give us great confidence in the years ahead. The example of cooperation we have received in the past is an assurance that we can produce our glazed wall units, patio tile, face brick and other products here in Niles efficiently and to the high standards of quality that will keep our hard-won position through the years.

For the many ways in which the community has helped us grow—and for its enthusiastic cooperation in celebrating our Silver Anniversary—my heartfelt thanks.

C. W. KRAFT, President

There is **BIG TALK** about **SMALL BUSINESS** in Washington!

The Southern Alameda County Real Estate Board is making a survey in its area on the needs of SMALL BUSINESS to give this part of our national economy the greatest assurance of stability.

To assist in this survey will you cooperate by answering the following questions:

WHAT DOES INDUSTRY WANT?
WHAT DOES INDUSTRY NEED?

Should SMALL BUSINESS be left to work out its own problems or should Congress enact legislation to lend stability such as existing stabilizing banking legislation (Federal Deposit Insurance Corporation), Savings and Loan Association legislation (Federal Savings and Loan Insurance Corporation), home owners legislation (Federal Housing Administration), big business legislation (Reconstruction Finance Corporation).

.....

.....

.....

Should banks and insurance companies be authorized to make loans to small business with Federal Insurance back of such loans?

.....

.....

.....

Does SMALL BUSINESS need more legislative protection against big business or do the two supplement each other and help our national prosperity as a whole?

.....

.....

.....

Would an "Economic Council on Small Business," similar to the President's Council of Economic Advisers, with such a council giving special study to the problems of small business be a helpful project?

.....

.....

.....

If so, by whom should a council be sponsored?.....

United States Chamber of Commerce?.....

National Association of Manufacturers?.....

United States Department of Commerce?.....

Who? .....

All of the above subjects are being discussed in Washington

HOW DESIRABLE IS SOUTHERN ALAMEDA COUNTY FOR INDUSTRY?

Do you believe your location in Southern Alameda County to be the best you could find?

.....

Is your present location in Southern Alameda County best from the standpoint of—

Labor supply?.....

Material supply?.....

Servicing your market?.....

Birthday Party and Turkey Dinner

Richard Robbins, son of Mr. and Mrs. Tom Robbins of Niles, celebrated his eighth birthday at his home last Thursday afternoon. After the afternoon party was over, Richard, who was intrigued by the aroma of roasting turkey in the kitchen, invited all of his young guests to stay on to dinner. The invitation was backed up by his mother, and was naturally accepted, so the youngsters had a full day of festivity.

Those who were present were Larry Robbins, Gary King, Lynn Alsop, Ronnie Di Guilio, John and Kent Rees, and Donnie Buehler.

Birthday Party For Newark Lad

His sixth birthday last Thursday will be remembered by Dale Etchison, son of Mr. and Mrs. M. E. Etchison of Newark, as perhaps the biggest and best he ever had.

With two big birthday cakes, plenty of ice cream, party games and party favors, not to mention a whole big crowd of his playmates, to help make the party a merry one, how could any little boy miss?

Among those who helped him celebrate were Brenda Adamson, Marilyn Armstrong, Darlene Brake, Myrna Meneze, Susan Perl, Glenda Potts, Barbara Silver, Susan Taylor, Jerry Decaney, Richard DeKnoop, Robert Luton, Robert McCord, Russel Pierce, Craig Rice, Butch McDermott, Lonnie Gene Brooks, Curtis Smith, Bobby Beschears, Carol Hernandez, Kirkie Freitas, Susie Freitas, Jo Ann Roderick, Martha Lou O'Brien, and Mary Agnes Mayer.

There were others present, but Mrs. Dale said, "There were so many, and I'm not sure of the names"—a circumstance that mothers who give birthday parties for a whole raft of kiddies can well understand.

Birthday Surprise For Gertrude Enos

Mrs. Gertrude Enos was happily surprised last Thursday night by being presented with a birthday cake that was as artistic in design as any painting. The cake, made and decorated by that amateur cake artist, J. K. Turnbow, served as the main part of the refreshments following an evening of folk dancing by the Irvington Promenaders at the Irvington Community Hall. "The cake was so beautiful," said the highly-pleased Gertrude, "that I hated to see it cut."

This is the second big recent affair that Mr. Turbow has outdone himself in cake-decorating. The other was the recent Irvington P.T.A. Founders' Day program.

Shower Given for Mrs. Roethlin

A stork shower for Mrs. Walter Roethlin was given last night at Roethlin's in Irvington, with Mrs. Evelyn Peixotto and Mrs. Madeline Haynes as co-hostesses.

A stork centerpiece and a large cake lettered with "Welcome, New Arrival," provided the main decorations.

After the guest of honor had opened her many interesting gifts, the guests enjoyed an evening of cards and bingo.

Refreshments of sandwiches, cake and coffee were served.

They have set no definite date for a wedding.

MR. AND MRS. WALTER FASOLIS ON HONEYMOON AFTER SUNDAY NUPTIALS

In a hoop-skirted gown of white satin and lace, Genevieve Mello became Mrs. Walter Fasolis at a ceremony held at the Holy Ghost Church Sunday, February 12.

The bride, in a finger-tip veil, carrying a prayer book with an orchid and bouvardia marker, was given in marriage by her father, Mr. Kenneth P. Mello of Beard Road.

In the role of maid of honor was Miss Juliette Re, wearing a hoop-skirted gown of champagne satin. Miss Norma Brown of San Mateo, in a hoop-skirted gown of rose satin, was bridesmaid. Both attendants carried bouquets of white carnations.

Andy Gardetto, brother of the groom, was best man, and Joseph Perry, cousin of the bride, was an usher.

Father Charles O'Connor officiated at the ceremony. The altars were banked with white narcissis and lillies.

The groom is the son of Mr. and Mrs. Mike Gardetto of Alvarado. Mrs. Gardetto wore a green ensemble with brown accessories and Mrs. Kenneth Mello was also in green with pink accessories.

Miss Hilda Correa of Hollywood sang "Ave Maria" and "On This Day Oh Beautiful Mother," accompanied by Mrs. Inez Silva at the organ. Miss Correa is connected with light opera in Hollywood.

A reception followed the ceremony at the Alvarado Hall. Almond candy, tied in net and ribbons, an old Italian custom, was passed by the bride and groom to all present. A three-tiered wedding cake was also cut and distributed and other refreshments were served.

Miss Juliette Re caught the bride's bouquet and the blue garter was caught by George Pacheco.

The newlyweds will reside in Niles after their honeymoon, which was destination unknown.

THE DOLLARS POUR IN . . . Chester Weaver (right), an employee of the Kraftile Company, Niles, purchased an automobile at the American Garage in Niles this week and paid for it in silver dollars. He was taken ill about two weeks ago and went to the hospital in San Francisco. He was believed to be recuperating satisfactorily but succumbed suddenly Saturday.

Burial was at Holy Cross Cemetery, San Francisco.

IRVINGTON C. OF C. ELECTS DIRECTORS

New directors to serve the Irvington Chamber of Commerce for the coming year were elected at the luncheon meeting of that group held Tuesday at Roethlin's Cafe.

The annual election of directors, usually held in March, was set forward one month so that the board members could be installed with the other officers at the Ladies Night dinner to be held next Tuesday evening at the International Kitchen.

Elected to serve on the board for the coming year were Dr. E. M. Grimmer, A. E. Alameda, Rollie Delp and Walter Connolly.

The group also named Dr. Grimmer honorary president to serve in that capacity next year along with newly elected President Allan Hirsch.

Other officers who will be installed at the Tuesday evening meeting are: Bob Zwissig, vice-president; Cliff Rogers, treasurer, and Frank Mayer, secretary.

Joe Rose, chairman of the Ladies Night dinner, reported to the group that the dinner would be served at 7 p.m., followed by an evening of entertainment. He is being assisted in the arrangements by Walter Connolly and Carl Christensen.

NILES C. C. MAY INCREASE DUES

Consideration of increasing dues was discussed by the Niles Chamber of Commerce at its regular luncheon meeting Tuesday at the International Kitchen.

President E. A. Quaresma, who assumed the presidency of the Chamber this week, stated that more funds will be needed by the organization this year. He appointed John Brahmst, Walter Chrysler and L. R. Batman to study the problem.

It was suggested that a monthly evening meeting might be held so that merchants unable to attend noon meetings could be present.

Quaresma appointed Walter Chrysler, Jerry Sletten and Ted Econome to serve on a committee to organize the evening meetings.

THREE SEIZED AS BURGLARS; NEWARK STORE LOOT FOUND

Three men equipped with stolen acetylene cutting torches were seized by sheriff's deputies early Saturday morning just as they were admittedly about to break into the Machado's Corner Service Station between Centerville and Alvarado.

Arrested by Deputies Earl Banford and Ed Pavon were Clinton A. Lukins, 22, and Glenn E. Todd, both of Hayward, and Richard L. Meader, 19, of Castro Valley,

Their old model car was outfitted with the portable torch and other equipment which Lukins reportedly told Detective Richard Foudy they were planning to us to burn their way into the station.

The two deputies found Lukins and Todd preparing to enter the establishment at 2:45 a.m. Saturday and Meader came up as the officers were questioning the pair and was also taken into custody.

Under questioning, Lukins, who was employed at the Westvaco Chemical Plant in Newark, admitted taking part in five recent burglaries, with Todd as his accomplice.

One of the recent burglaries to which Lukins admitted, was that of the O'Mara Home Furnishing Store in Newark. Edward Mara, owner of the store, said yesterday that he had been called to Hayward the previous day and had identified all the loot taken from his store. The loot was among that found at the home of Lukins and Todd.

FARM PLACEMENT OFFICE SOUGHT

The possibility of establishing a farm labor placement office in Washington Township will be discussed at the meeting of the Washington-Eden Farm Center at the high school Tuesday evening.

Richard Johnson, president of the local farm center, announced this week that W. W. Allan, farm labor representative from the Hayward office, and B. C. Rucker, farm placement supervisor for the central coast area, will be the speakers of the evening.

The members of the local farm center have expressed belief that a placement office should be operated here to allow closer coordination between the farmer-employers and people seeking employment.

Johnson also stated that movies on various types of farm operations will be shown at the meeting. The public is invited to attend. Refreshments will be served.
